Good Afternoon,

I hope this email finds you well.

As you may know, since 2015, we have been running the Global Teacher Prize, a US \$1million award presented annually to an exceptional teacher who has made an outstanding contribution to their profession. The Prize serves to underline the importance of educators and the fact that, throughout the world, their efforts deserve to be recognised and celebrated. It seeks to acknowledge the impacts of the very best teachers – not only on their students but on the communities around them.

I am writing to you today to ask for your help in finding the best teachers for us to take through our process.

We have started the 5th cycle of the Prize and we would appreciate your help in spreading the word about the Prize to your teachers and wider networks and encouraging them to nominate other teachers or applying themselves. The applications and nominations process is now open, until 9th September 2018. It is likely this will be extended by a week or so. The application and nomination forms are here: www.globalteacherprize.org

Our Prize has served as a catalyst to a wider discussion on the status of teachers in national and international media. Not only is it great exposure for the individual teachers but it also shines a spotlight on their schools.

I look forward to hearing back from you.
