ENGLISH LANGUAGE

TIME: 1 Hour

Read the following dialogue and answer questions 1 - 5.

- Traveller** : How are you today?
Driver : I'm fine, thank you.
Traveller : I am looking for a bus to take me to Mfangano Village.
I have never been there before.
Driver : *(Letting out a smile)* That's where we are going right now.
You can get on board any time you want. The bus will depart in half an hour's time.
Traveller : Thank you sir. How much is the fare?
Driver : Eight hundred shillings only. It's quite a long distance and the road is not tarmacked.
Traveller : Alright. Thank you for your kindness.
Driver : Welcome.

1. According to the dialogue, the traveller
A. has been to Mfangano village.
B. knew the driver of the bus.

 - B. Tarmac road
 - C. Many passengers
 - D. Poor road

Read the passage below and use it to answer questions 6 to 9.

Technology has brought about many changes in the transport sector. Unlike the olden days where people travelled on foot or on the backs of animals, today things have really changed.

After the invention of electricity, petroleum and gas, we have special machines run by these sources of energy. They include cars, buses and trains.

Other machines like aeroplanes, jets and helicopters fly in the air. Even the modern ships and boats are engine propelled. We have rockets flying to the space especially the moon and nearest planets. On the other hand, tall buildings have lifts or elevators to take people up and down different floors.

6. Today, according to the passage, things have changed because of
 - A. technology
 - B. machines
 - B. discovery
 - D. politics
7. From the passage, machines cannot be run using
 - A. gas
 - B. electricity
 - C. petrol
 - D. air
8. Which one of the following statements is true according to the passage?
 - A. Jets and helicopters are ancient machines.
 - B. In the past, people travelled on foot.
 - C. Modern ships and boats use electricity.
 - D. People use lifts to travel from one place to another.
9. Choose the most suitable title for the story.
 - A. Machines
 - B. Inventions
 - C. Modern transport
 - D. Modern engines

Read the passage below and then answer questions 10 to 12.

Water pollution is a very serious issue caused by harmful substances entering water sources and bodies. Industrial waste, surface run off and sewage contaminate the water posing risks to plants, animals and humans.

This kind of pollution interferes with aquatic life leading to the death of fish and decline in

plant life. Consuming polluted water can cause diseases and illnesses. It is therefore important to address the issue of water pollution to safeguard both the environment and public health. Lots of effort should focus on preventing pollution sources and encouraging effective clean up measures to ensure access to clean water for all.

10. Water pollution, according to the passage is not caused by
- | | |
|--------------------|---------------------|
| A. sewage | B. industrial waste |
| C. surface run off | D. smoke |
